4 November 1975

MEMORANDUM FOR: Office of Legislative Counsel

ATTENTION: [redacted]

25X1

The following questions were asked by Mr. Mitchie:

1. What drug was considered for human testing under a  
CIA contract with [redacted]?

EA 3167, a compound of the glycolate class.

2. When did CIA become aware of this drug?

Our records show that an employee of ORD reported  
on the drug and [redacted] tests to Chief of his  
Division in June 1970. The ORD contract with [redacted]  
which anticipated human testing was approved in the  
first quarter of 1971.
